J. Credit Card Purchasing Program

1. The Board authorizes the Administrator or designee to contract with one or more financial institutions, card-issuing banks, credit card companies, charge card companies, debit card companies, or third-party merchant banks capable of operating a purchasing card program on behalf of the ESU.
2. The Board of Education delegates to the Administrator or designee: (a) the determination of the type of purchasing card or cards to be utilized in the ESU’s purchasing card program; and (b) the determination of which employees shall be approved or disapproved to be assigned a purchasing card in the ESU’s purchasing card program. The Administrator shall submit the approved names to the Board, from time to time.

In the event that a receipt does not accompany an authorized cardholder’s purchase, the Administrator or designee shall temporarily or permanently suspend said cardholder’s purchasing card privileges.

**Section 6 Conflicts of Interest**

A. Use of Public Resources by Board Members and Employees

Restrictions on Use

No Board member or employee of ESU 17 shall use or authorize the use of his or her public office or any confidential information received through the holding of the public office to obtain financial gain, other than compensation provided by law, for himself or herself, a member of his or her immediate family, or a business with which the individual is associated.

No Board member or employee shall use or authorize the use of ESU personnel, resources,

property, or funds under his or her official care and control other than in accordance with prescribed constitutional, statutory, and regulatory procedures or use such items, other than compensation provided by law, for personal financial gain.

No Board member or employee shall use or authorize the use of ESU resources for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question. For purposes of this restriction, “ESU resources” means personnel, property, resources, or funds under the official care and control of the Board member or employee.

#### Authorized Uses

The uses described below are not authorized by employees, and violate this policy, where an employee’s use: (1) interferes with the conduct of ESU business; (2) interferes with the performance of the employee’s duties and responsibilities; (3) is contrary to another Board policy or a rule or directive set forth in an employee handbook or other employee communication device; (4) is contrary to a supervisor’s directive; or (5) the use is for the employee’s personal financial gain or potential for personal financial gain.

*Incidental or De Minimis Use:* Use of ESU resources by a Board member or employee which is incidental or de minimis does not constitute a violation of this policy. For purposes of illustration, the following instances may be examples of incidental or de minimis use, subject to the context in which the resources are used:

- Limited communications with family members or other non-school employees for personal purposes, such as e-mails or text messages with a spouse using district hardware, software, internet, accounts, or other public resources so long as this communication does not distract from or interfere with employees performing their official duties, as determined by the employee’s supervisor;
- Traveling to or from the employee’s home when the primary purpose serves the interests of the district. If an employee is unsure whether the primary purpose serves the interests of the district, the employee should obtain the approval of his or her supervisor, who is authorized to make that determination under this policy;
- Making a limited number of copies of personal documents when the employee cannot make alternative arrangements;
- Using personal social media accounts or accessing appropriate websites which are consistent with the ESU’s digital citizenship curriculum while off duty;
- Using district-owned computer programs, such as Word, Excel, Adobe, and others for personal purposes while off duty;
- Other uses by employees authorized by the Administrator or designee. The Board intends to allow the Administrator to authorize such uses on a case-by-case basis that the Administrator deems appropriate; and

In all circumstances, it is the employee’s responsibility to seek clarification of this policy before using ESU resources. In the event that an employee is unsure about a particular situation, the employee must secure approval from the ESU Administrator before using the resource at issue.

*Personal Use as Part of Compensation:* Use of ESU resources for personal purposes is authorized by this policy if:

1. the use of the resource for personal purposes is part of the employee's compensation provided in an employment contract or is consistent with this policy; and
2. the personal use of the resource as compensation is reported in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid by the affected employee.

Employees who engage in such personal use shall, upon request of the Board or the administration, provide evidence to establish that the compensation has been reported and taxes paid as required by the Tax Code.

*ESU Vehicles:* Use of an ESU vehicle by a Board member or employee to travel to a designated location or the home of the Board member or employee is permissible when the primary purpose of the travel serves a Unit purpose. Such use is authorized by this policy. No travel other than directly to the ESU-related trip destination shall occur, however, when students are in the vehicle or if the vehicle is a school bus.

*Communication Devices:* A Board member or employee may use a telecommunication system, a cellular telephone, an electronic handheld device, or a computer under the control of the ESU for email, text messaging, a local call, or a long-distance call, to a child at home, a teacher, a doctor, a day care center, a baby-sitter, a family member, or any other person to inform any such person of an unexpected schedule change or for other essential personal business. Any such communication shall be kept to a minimum and shall not interfere with the conduct of ESU business or the performance of an employee's duties.

A Board member or employee shall be responsible for payment or reimbursement of charges (e.g. long distance charges), if any, that directly results from any such communication. The Board member or employee shall promptly report any such communication that results in an expense to ESU 17 to the Administrator or the Administrator's designee. The Administrator or the Administrator's designee shall establish procedures for reimbursement of charges incurred as a result of such communications.

Use of the District's Internet system for such communications shall not be permitted to the extent such use violates the terms of the E-Rate program, which restricts use of the Internet system to "educational purposes."

*Election Issues:* A Board member or the Administrator, in the normal course of his or her duties, may use ESU resources to research and prepare materials to assist the Board in determining the effect of a ballot question on the ESU.

Mass mailings, mass duplication, or other mass communications at ESU expense for the purpose of qualifying, supporting, or opposing a ballot question is not permitted. Mass communications does not include placing public records demonstrating the consequences of the passage or defeat

of a ballot question affecting the ESU on its existing websites.

A Board member or employee may campaign for or against the qualification, passage, or defeat of a ballot question or the nomination or election of a candidate when no ESU resources are used. An employee shall not engage in campaign activity for or against the qualification, passage, or defeat of a ballot question or the nomination or election of a candidate while on duty time.

A Board member or authorized employee may make ESU facilities available for campaign purposes if the identity of the candidate or the support for or opposition to the ballot question is not a factor in making the facilities available or a factor in determining the cost or conditions of use.

The ESU Board may discuss and vote upon a resolution supporting or opposing a ballot question.

A Board member may respond to specific inquiries by the press or the public as to his or her opinion regarding a ballot question or provide information in response to a request for information.

A Board member or employee may identify himself or herself by his or her official title when communicating about a ballot question. Employees who do so shall clearly communicate that their communication is their personal opinion and does not reflect the position or views of the Board or the ESU unless express authorization is given by the Board or the Administrator.

**B. Interest in Contracts**

Any contract whether oral or written, formal or informal, and including open accounts, is voidable if a member of the Board is directly or indirectly interested in the contract and legal reporting, and disclosure and abstention requirements are not met. Board members with such an interest shall therefore:

1. Make a declaration on the record regarding the nature of the interest prior to official consideration of the contract.
2. Not participate in consideration or discussion of the contract.
3. Not vote on the granting of the contract. Provided, if the number of members of the Board declaring an interest in the contract would prevent the Board with all members present from securing a quorum in the issue, then all members may vote on the matter.
4. Not in any way participate in the inspection, operation, administration or performance under the contract on the part of the ESU.

Legal Reference:	§ 49-14,103.01
Date of Adoption:	December 12, 2017

C. Other Conflict of Interest

Members of the Board shall abstain from voting on matters on which they may have a conflict of interest. A conflict of interest for this purpose means a decision in the discharge of duties that may cause financial benefit or detriment to the Board member, a member of the Board member's immediate family (which means a child residing in the Board member's household, a Board member's spouse or an individual claimed by that Board member or the Board member's spouse as a dependent for federal income tax purposes), or a business with which the Board member is associated, which is distinguishable from the effects of such action on the public generally or a broad segment of the public.

The Board member with such a conflict of interest shall take the following actions as soon as the Board member is aware of such potential conflict or should reasonably be aware of such potential conflict, whichever is sooner:

1. Prepare a written statement describing the matter requiring action or decision and the nature of the potential conflict; and,
2. Deliver a copy of the statement to the Secretary of the Board, who shall enter the statement into the public records of the ESU.
3. Take such action as the Commission shall advise or prescribe to remove the Board member from influence over the action or decision in the matter.

A Board member shall nonetheless not be prevented from making or participating in the making of an ESU-related decision to the extent that the Board member's participation is legally required for the action or decision to be made. In such event, the Board member shall report the occurrence to the Commission. Nor shall a conflict of interest of a Board member prevent a Board member from serving on the Board or restrict the hiring or purchasing practices of the ESU.

To assist in compliance with the conflict of interest policies and laws, the Administrator or the Administrator's designee, shall provide each Board member with copies of state statutes of Nebraska pertaining to conflicts of interest at the organizational meeting in January of each year. In addition, any newly appointed or elected Board member shall be provided such statutes.

Further, when possible, the Administrator or the Administrator's designee shall provide each Board member with a list of financial matters on the agenda to come before the Board at the next regular meeting in sufficient detail to allow the Board member to identify potential conflicts of interest and report and receive advice from the Commission.

Date of Adoption:	December 12, 2017

D. Reporting Procedures

Any Board member who has a direct or indirect interest in a formal contract entered into with the ESU, or an open account, shall provide the Administrator with the following:

1. Names of the contracting parties.
2. Nature of the interest of the Board member.
3. Date that the contract was approved by the Board.
4. Amount of the contract.
5. Basic terms of the contract.

The above information shall be provided to the Administrator no later than ten (10) days after the contract has been signed by both parties. Such information shall be kept on a ledger, and shall be retained in the ledger for five (5) years from the date of the last day in office of the Board member. The ledger kept by the Administrator shall be available for public inspection during the normal working hours.

In the case of open accounts, the above information shall be filed within ten (10) days after the account is opened and thereafter the Board member shall file a revision to the statement within ten (10) days of each payment on the account specifying the date and amount of the payment.

**Section 7 Management of Property**

**A. Community Use of ESU Facilities**

ESU facilities are primarily intended for the ESU’s mission and programs. ESU facilities are, however, made available for use by outside groups to further the interests of the ESU and the community. Use by non-ESU groups is allowed pursuant to an application process and is subject to the terms and conditions set forth in this policy.

1. Application for Use.

Outside groups that wish to use ESU facilities must submit a completed Application for Use form signed by a representative of the outside group who has authority to commit the outside group to the terms and conditions of the Application. The outside group, as Applicant, shall specify the nature of the intended use, the dates and times of the requested use, and the facilities for which use is requested.

The form shall be developed by the administration. The form shall include the statement that:

This application is subject to the terms of the Board’s “Community Use of ESU Facilities” policy. The terms and conditions of that policy are incorporated into this application by this reference. Applicant accepts all such terms and conditions.

2. Acceptance of Application for Use.

Acceptance or rejection of applications shall be the responsibility of the Administrator or the Administrator's designee.

Applications shall not be rejected for any unlawful reason, including unlawful discrimination on the basis of sex, disability, race, color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, or other protected status in its programs and activities, or other protected status in its programs and activities, and including the applicant's legally protected exercise of constitutional or statutory rights.

The ESU's facilities are designated as nonpublic forums. Accordingly, applications shall not be accepted for:

- a. Uses that may conflict with or that disrupt the ESU's programs.
- b. Uses inconsistent with the mission of the ESU.
- c. Uses that present an unacceptable risk that the conditions of use set forth in this policy will not be adhered to; either due to the nature of the requested use or the character of the group or individuals within the group.
- d. Uses that present an unacceptable risk of damage or unacceptable wear and tear to facilities or equipment.
- e. Uses for outside commercial activities except with approval of the Board; and except for camps and other activities for high school students subject to and consistent with Bylaws of the Nebraska School Activities Association.
- f. Uses that involve gambling or games of chance.
- g. Uses that involve a group or activity which advocates or condones the violent overthrow of the Constitution or of the government.
- h. Uses that involve the meetings of secret clubs not open to members of the public.
- i. Non-community type uses such as wedding receptions, slumber parties, personal use and similar activities.

Applications for use of facilities may be denied based on unsuitability of the date or time of the requested use. Facilities will generally not be available for community use at times when ESU staff are not available to monitor the Applicant's use, such as on legal holidays; before 7:00 a.m.; after 10:00 p.m. and Sunday mornings prior to Noon.

Leases of ESU facilities require approval of the Board. As such, Applications that request long-term use of facilities in the nature of a lease will be denied.

Applications may be denied based on the determination of the Administrator or the Administrator's designee that the Applicant does not have the financial ability or financial responsibility to pay fees or expenses or to reimburse the ESU for any damages that may be sustained to facilities or equipment or any liability that may be created by the use.

When an Application conflicts with another Application, the Applications will be accepted according to the following priority order:

- a. Events or activities that are designed to serve member schools or which are related to any function of the ESU, including approved ESU-community associations and ESU-affiliated non-profit groups.
- b. Tax-supported agencies such as educational entities or units of city, county or state government.
- c. Nonprofit community agencies such as private educational agencies.
- d. Groups where the majority of the members reside within the ESU.

For use conflicts within each group, priority will be given to the first to submit their Application; provided that the Administrator or the Administrator's designee may approve an Application that is not first-filed if the other Applicant's use could be feasibly changed to a non-conflicting time or area.

Applications that are accepted may not be assigned or transferred to another outside group.

Applications that are accepted are subject to cancellation by the Administrator or the Administrator's designee. Cancellation will occur in the event the administration reasonably determines:

- a. Any of the reasons for non-acceptance of an application exist.
- b. The Applicant fails to meet any term or condition required prior to the use. This includes but is not limited to failure of the Applicant to pay required fees or deposits or failure to show evidence that any required insurance is in place.
- c. Circumstances make the use unsuitable. This includes but is not limited to:
  - i. The condition of the facilities being unsafe. For example, the presence of snow, ice, fallen limbs or other potential hazards that the ESU would not otherwise clear prior to the activity or event. The Applicant may request that the ESU clear the hazards such that it may proceed with its activity or event. If the ESU agrees to do so, the Applicant shall be responsible for all costs incurred by the ESU in clearing the hazard.
  - ii. ESU staff being unavailable to monitor the use or to provide set-up or clean-up services where the ESU has accepted responsibility for such.
  - iii. The need to use the facilities for an ESU activity or purpose.

Generally, if the ESU office is closed on the date of the Applicant's intended use due to inclement weather or hazardous conditions, the Applicant's use will be cancelled.

The Applicant shall remain responsible for fees or expenses, and any deposit that has been received by the ESU shall be forfeited and be kept by the ESU, if cancellation occurs because of the fault of the Applicant. Otherwise, the ESU will return any deposit that has been received by the ESU. The ESU will in no event be responsible for any damages, expenses, or losses incurred by the Applicant or any person arising from the

cancellation.

An Applicant may withdraw its Application at any time prior to acceptance. An accepted application may be withdrawn by the Applicant, subject to approval of the Administrator or the Administrator's designee. Approval is subject to the conditions that the Applicant has given reasonable advance notice (ordinarily, at least 48 hours) and that the Applicant reimburse the ESU for any expense the ESU has incurred.

3. Conditions of Use.

The conditions for use are as follows:

- a. Compliance. Applicant agrees to:
  - i. Comply with all local, state and federal laws, including health and fire codes.
  - ii. Comply with Board policies concerning non-discrimination and the use of ESU facilities.
  - iii. Comply with reasonable administrative rules related to use of facilities and the requests of ESU officials related to the Applicant's use of the facility.
- b. Disclaim ESU Sponsorship. The ESU does not sponsor or endorse the Applicant or the activity or event conducted by the Applicant. To ensure that the public understands this fact, the Applicant agrees to not make any statements suggesting such sponsorship and to publish statements of non-ESU sponsorship in such form and manner as the administration may request.
- c. Supervision. Applicant agrees to provide appropriate supervision of the activity or event in all respects, including supervision reasonably necessary to ensure that no person participating in or attending the activity or event:
  - i. Is presented with conditions that pose an unreasonable risk of personal injury or damage to personal property.
  - ii. Enters any area of the ESU facilities that the Applicant has not been given permission to use, or accesses any ESU records.
  - iii. Engages in the use of tobacco (including electronic nicotine delivery systems), alcohol, or illegal drugs, or is under the influence of alcohol or illegal drugs.
  - iv. Possesses a firearm or a weapon.
  - v. Engages in disorderly, lewd, or lascivious conduct.
  - vi. Engages in any criminal behavior.

Applicant shall remove any person from the activity or event who engages in any of the above listed conduct. Applicant agrees to report to the ESU administration by the close of the next business day the identity of any person who engaged in any of the above listed conduct and the details of the conduct. If the offending person is a student, the report shall be made immediately.

In the event the ESU administration determines that the nature of the activity or

event warrants the presence of security services, Applicant agrees to provide such security services.

Applicant agrees to ensure that all persons attending its activity or event are off ESU grounds at the end of its time of permitted use, except for ESU staff or others who are authorized to remain for an ESU-related purpose.

d. Condition of Premises. Applicant agrees to:

- i. Conduct a reasonable inspection of the premises prior to the activity or event to ensure that the premises are safe for the intended use. In the event of any unsafe condition, Applicant shall notify an administrator. In the event the unsafe condition is not corrected prior to the activity or event, the Applicant shall postpone or cancel the activity or event.
- ii. Not use or allow any ESU equipment to be used without express approval of ESU administration.
- iii. Not bring or allow others to bring food or beverages on to ESU grounds without express approval of ESU administration.
- iv. Not bring or allow others to bring or use any flammable items (including candles or incense) or any volatile chemical or any explosive.
- v. Not use any electrical equipment that has been brought onto the premises without express approval of ESU administration.
- vi. Not allow the wearing of street shoes or shoes with black soles on gym floors or other protected surfaces.
- vii. Not cause or allow others to cause damage to ESU facilities or equipment.
  1. In the event damages are sustained, Applicant accepts responsibility for reimbursing the ESU for the cost of repair or replacement.
  2. Applicant agrees that the ESU administration's determination that damage was sustained in connection with the Applicant's use, and of the cost of repair or replacement, is controlling.
  3. Applicant shall immediately report to the ESU administration any damage to ESU facilities or equipment that occurs during the Applicant's use of ESU facilities that may present a risk of injury to students or any subsequent users. Any other damage shall be reported by the close of the next business day.
- viii. Return the facilities in as good a condition as it was prior to use. This includes, without limitation, cleaning, removal of trash, and returning tables and chairs and other ESU property to their proper location. The clean-up shall be promptly completed. In the event the ESU provides the clean-up service, Applicant agrees to reimburse the ESU for the cost of such clean-up.
- ix. Remove any property brought in by the Applicant and by any person attending the activity or event. The ESU is not responsible for any personal property that is left on the premises.

e. Financial Responsibility. Applicant agrees to:

- i. Procure, at its own expense, a Comprehensive General Liability insurance policy naming the ESU as an additional insured. This policy shall be written with a minimum of \$1,000,000 Combined Single Limit per occurrence. A Certificate of Insurance evidencing coverage must be submitted prior to the Applicant's use.
- ii. The insurance requirement is subject to waiver by the Administrator or the Administrator's designee where the intended use presents very little potential for injury or damage and the activity or event is designed to serve the ESU's staff or member schools or students of member schools.
- iii. Indemnify and hold the ESU, the Board, ESU employees and agents of the ESU harmless from any and all claims, demands, causes of action, or lawsuits for any death or personal injury or damage to property sustained during, caused by or arising out of the Applicant's use of ESU facilities.

4. Fees for Use.

The Administrator or Administrator's designee shall establish a daily use fee schedule that establishes rates for specific parts of the ESU facilities. The rates shall be reviewed on a periodic basis; with the review to occur no less than every two years.

The fee rates shall be in an amount sufficient to cover estimated staff time and direct costs associated with:

- a. Processing. Cost of processing the Application, postage, invoicing and coordination of the use.
- b. Access. Cost of providing access; such as unlocking doors before use and locking after use, turning lights on and off, and disarming/re-arming security systems.
- c. Custodial. Cost of providing custodial or maintenance services to prepare the facility for the use and for clean-up after the use.
- d. Kitchen. Cost of providing access to the kitchen facilities; as ordinarily any permitted use of the kitchen will require the presence of a member of the ESU responsible for the food service area.
- e. Special Equipment. Cost of making special equipment available such as sound and lighting set-up; as ordinarily any permitted use of special equipment will require the presence of a member of the ESU staff who is familiar with proper use of the equipment.
- f. Monitoring. Cost of administrative or other professional staff to monitor the Applicant's use to ensure compliance with the terms and conditions of the permitted use.
- g. Security. Cost of providing security services when determined to be needed for the activity or event.

The fee schedule shall be applied evenly to all Applicants, with two exceptions:

- a. A different fee may be assessed where the Administrator or Administrator's designee reasonably determines that the Applicant's use will require staff time or cause direct costs different than those used in establishing the fee schedule.
- b. A fee waiver or reduced fee rate shall be given for use where the activity or event is designed to serve the ESU's staff or member schools or students of member schools.

This does not preclude adults from wearing non-visible nicotine patches, or using nicotine gum without displaying the product container, as part of a smoking cessation program.

Such action shall be taken consistent with constitutional and other legal rights.

The Administrator and all administrative staff and their designees shall have full power and authority to direct any individual or group to leave any ESU building and any property within the control of the ESU and to stay away where such individual or group:

1. has failed to comply with identification or check-in procedures,
2. is determined by such administrators or designees to not have a legitimate purpose to be on the property, or
3. is determined by such administrators or designees to present a risk to the safety of building users (for example, if the person is a registered sex offender) or a risk of disruption to the operations or programs of the ESU.

ESU bulletin boards and electronic media (web page) and other communication devices are maintained for the purposes of conveying information about ESU activities and programs and for educational purposes related to such activities and programs. The ESU’s communication devices are designated as non-public forums, meaning that the devices are not open for public use.

Information posted or displayed on the ESU’s communication devices may not include political advertising, communications promoting particular religious beliefs, controversial topics or positions not consistent with the mission of the ESU, or communications that promote activities not suitable for school-age children.

Any website links on the ESU web page that are permitted to be posted shall not be considered to be endorsed or sponsored by the ESU. The ESU makes no representations or warranties of any kind with regard any such links.

G. Internet Safety Policy

It is the policy of the ESU to comply with the Children’s Internet Protection Act (CIPA) and Children’s Online Privacy Protection Act (COPPA). With respect to the ESU’s computer network, the ESU shall: (a) protect against user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) protect against unauthorized access, including so-called “hacking,” and other unlawful activities online; (d) protect against unauthorized online disclosure, use, or dissemination of personal identification information of minors; (e) obtain verifiable parental consent before allowing third parties to collect personal information online from students; and (f) implement measures designed to restrict minors’ access to materials (visual or non-visual) that are harmful to minors.

1. Definitions. Key terms are as defined in CIPA. “Inappropriate material” for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
2. Access to Inappropriate Material. To the extent practical, technology protection measures (or “Internet filters”) shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.
3. Inappropriate Network Usage. To the extent practical, steps shall be taken to promote the safety and security of users of the ESU’s online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called ‘hacking,’ and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
4. Supervision and Monitoring. It shall be the responsibility of all members of the ESU staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Administrator and the Administrator’s designees.
5. Parental Consent. The ESU shall obtain verifiable parental consent prior to students providing or otherwise disclosing personal information online.
6. Adoption. This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.

#### H. Computer Acceptable Use Policy

This computer acceptable use policy is supplemental to the ESU’s Internet Safety Policy.

1. Technology Subject to this Policy. This Computer Acceptable Use Policy applies to all technology resources of the ESU or made available by the ESU. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.
2. Access and User Agreements. Use of the ESU technology resources is a privilege and not a right. The Administrator or designee shall develop appropriate user agreements and shall require employees, students (and their parents or guardians), and others to sign such user agreements as a condition of access to the technology resources, as the Administrator determines appropriate. Parents and guardians of students in programs operated by the ESU shall inform the Administrator or designee in writing if they do not want their child to have access.

The Administrator and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy.

The technology resources are not a public forum. The ESU reserves the right to restrict any communications and to remove communications that have been posted.

3. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the ESU's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.
4. Unacceptable Uses.

The following are unacceptable uses of the technology resources:

- a. **Personal Gain:** Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.
- b. **Personal Matters:** Technology resources shall not be used, and no person shall authorize its use, for personal matters unless the User has entered into a lease agreement or other similar agreement with the ESU that makes such use permissible under law.

Occasional use that the Administrator or designee determines to ultimately facilitate the mission of the ESU is not prohibited by this provision. Examples of occasional use that may be determined to ultimately facilitate the mission of the ESU: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a

member where the membership in the community group facilitates the ESU's mission.

This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.

The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for personal use; or sending an e-mail related to one's own private consulting business.

- c. Campaigning: Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- d. Technology-Related Limitations: Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation,
  - 1. Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).
  - 2. Users shall not erase, remake, or make unusable another person's computer, information, files, programs or disks.
  - 3. Users shall not access resources not specifically granted to the user or engage in electronic trespassing.
  - 4. Users shall not engage in "hacking" to gain unauthorized access to the operating system software or unauthorized access to the system of other users.
  - 5. Users shall not copy, change, or transfer any software without permission from the network administrators.
  - 6. Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
  - 7. Users shall not engage in any form of vandalism of the technology resources.
  - 8. Users shall follow the generally accepted rules of network etiquette. The Administrator or designees may further define such rules.
- e. Other Policies and Laws: Technology resources shall not be used for any purpose contrary to any ESU policy, any school rules to which a student

user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:

1. to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
  2. to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.
  3. to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the ESU is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.
  4. to engage in or promote violations of student conduct rules.
  5. to engage in illegal activity, such as gambling.
  6. in a manner contrary to copyright laws.
  7. in a manner contrary to software licenses.
5. Disclaimer. The technology resources are supplied on an “as is, as available” basis. The ESU does not imply or expressly warrant that any information accessed will be valuable or fit for a particular purpose or that the system will operate error free. The ESU is not responsible for the integrity of information accessed, or software downloaded from the Internet.
6. Filter. A technology protection measure is in place that blocks and/or filters access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the ESU may also use other technology protection measures or procedures as deemed appropriate.

Notwithstanding technology protection measures, some inappropriate material may be accessible by the Internet, including material that is illegal, defamatory, inaccurate, or potentially offensive to some people. Users accept the risk of access to such material and responsibility for promptly exiting any such material.

The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed ESU training on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of the Administrator. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

7. Monitoring. Use of the technology resources, including but not limited to internet sites visited and e-mail transmitted or received, is subject to monitoring by the

administration and network administrators at any time to maintain the system and insure that users are using the system responsibly, without notice to the users. Users have no privacy rights or expectations of privacy with regard to use of the ESU’s computers or Internet system. All technology equipment shall be used under the supervision of the Administrator and the Administrator’s designees.

8. Sanctions. Violation of the policies and procedures concerning the use of the ESU technology resources may result in suspension or cancellation of the privilege to use the technology resources and disciplinary action, up to and including expulsion of students and termination of employees. Use that is unethical may be reported to the Commissioner of Education. Use that is unlawful may be reported to the law enforcement authorities. Users shall be responsible for damages caused and injuries sustained by improper or non-permitted use.
  
9. Participation and Collaboration with External Resources. The ESU may participate in and collaborate with external resources, including the Open Educational Resources, to improve the ESU’s operations, so long as such participation and collaboration complies with all applicable copyright and intellectual property right laws. Participation and collaboration shall be subject to the approval of the Administrator. Any employee who creates, generates or otherwise authors a work on an external resource platform shall do so under the “work for hire” doctrine. Materials from an external resource may be shared or borrowed, so long as the employee complies with all attribution and copyright rules and policies.

I. Recording of Others

To ensure the privacy and confidentiality of student information, no person is authorized to record or transmit any sound or image of any person (including themselves) without the prior consent or authorization of either (1) the person or persons being recorded or whose image or sound is being transmitted or (2) the Administrator or Administrator’s designee. This prohibition applies to all persons, including staff, students and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to ESU- sponsored athletic or activity events where the focus of the recording or transmission is on the student performances or activity. Nothing in this provision shall prohibit the recording of an Individualized Education Program meeting if the recording is necessary to ensure that the parent understands the IEP or the IEP process or to implement other parental rights guaranteed by the Individuals with Disabilities Education Act.

**Section 8 Disposal of Property**

The Administrator or designee is authorized and directed to dispose of books, furniture, equipment, real estate and other property which is no longer of use to the ESU. Items which are of little or no value will be discarded or recycled, as appropriate. Items which are discarded remain the property of the ESU until no longer within its control. As such, employees are not to pull discarded items from the trash for personal use without express permission of the Administrator or designee, and proper payment where determined appropriate.

Items to be disposed of which have more than minimal value shall be sold by private sale, auction, trade-in, or by taking bids and selling to the highest or most responsible bidder. The Board shall approve the sale of any items or related grouping of items which have a value in excess of \$5,000.

The following procedures shall be followed for an auction or when taking bids:

1. The intention to sell shall be publicized, via newsletter, an ESU bulletin board or webpage posting, an NSBA, NCSA or similar association webpage or publication, a newspaper advertisement, or other means suitable to the value and nature of the property.
2. Real estate will be sold to the highest bidder, except that a minimum acceptable price may be established prior to bidding.
3. Items shall in general be sold to the highest offer or highest bidder. However, where the item or related grouping of items which has a value less than \$5,000, preference may be given to, and a lower offer accepted from, buyers within the following order of priority: an ESU member school, another ESU, another political subdivision within the ESU, a charitable organization active within the ESU boundaries, and another political subdivision.

Items which are offered for sale in an approved manner which are not sold after a reasonable period of time may be considered to have no value and may be disposed of as determined by the Administrator or designee and reported to the Board.

Property that has little or no value shall be discarded or recycled as appropriate. No employee shall take such property for their personal use, even if the item has been placed in the trash, without the express approval of the administration.

## **Section 9 Records Management**

### **A. Records Management and Disposition**

1. General Standard. Records should generally be organized, managed, retained and disposed of in accordance with law and the Secretary of State’s schedules for retention and disposition of public records.

2. Records Officer. The Administrator is hereby designated as the records officer of the ESU for purposes of this policy. Any questions about the type or category of a record or the required retention period for it should be addressed to the records officer.
  
3. Electronic Messages. Electronic messages are communications using an electronic system for the conduct of ESU 17 business internally, between other state and local government agencies, and with parents, students, patrons and others in the outside world. These messages may be in the form of e-mail, electronic document exchange (electronic fax), and electronic data interchange (EDI). In this policy, the terms electronic messages and e-mail are used, depending on the context, to mean the same thing. ESU 17's electronic system in which records are collected, organized, and categorized to facilitate preservation, retrieval, use, and disposition is as follows:
  - a. *End-User Management*. End-user means anyone who creates or receives electronic messages on the ESU's electronic system. Electronic messages are to be managed at the end-user's desktop rather than from a central point. Each end-user is responsible for organizing, managing and disposing of records that are part of his or her desktop computer.
  
  - b. *Categories for Retention*. Electronic messages fall within three categories: (1) transitory messages; (2) records with a less than permanent retention period; and (3) records with a permanent retention period. End-users are to organize, store, retain and dispose of electronic messages according to these three categories. This means determining which electronic messages require long-term retention, determining who is responsible for making this decision, and establishing storage and disposition requirements for electronic messages.
    - i. *Transitory messages*. Transitory messages include copies posted to several persons and casual and routine communications similar to telephone conversations. For example, as determined on an individual case-by-case basis by the end-user, transitory messages include certain embryonic materials, notes or drafts; unwanted and unneeded "junk" mail; "personal" mail for employees not related to ESU business; unsolicited sectarian, religious, partisan, political or commercial messages, or political advertising or advertisements promoting particular personal or religious beliefs, a specific ballot question, or controversial topics or positions. There is no retention requirement for transitory messages. Employees sending or receiving such communications may delete them immediately without obtaining approval.
  
    - ii. *Less than permanent retention records*. These records are governed by the retention period for equivalent hard copy records as specified in the approved records retention and disposition schedules. These records should be converted to hard copy

(printed) or an electronic format which can be retrieved and interpreted (downloaded) for the legal retention period. Employees creating or receiving such communications may delete or destroy the records only according to the applicable retention schedule. Questions relating to the retention or destruction of these records should be referred to the records officer.

- iii. *Permanent/archival retention records.* These are records scheduled for transfer to the Nebraska State Historical Society (NSHS). Decisions relating to such records should be made by the records officer in consultation with NSHS, and the State Records Administrator about either transferring the records or maintaining them in the agency of origin. If the transfer decision is made, the method, frequency and format of the transfer should be determined cooperatively by the records officer, the NSHS, and the State Records Administrator.
- c. *Electronic Storage Limitations.* ESU 17's computer systems have storage limitations. E-mails are deleted by the computer system within five (5) days to avoid operational problems. End-users are instructed that electronic messages that are required to be maintained past that time period should be converted to hard copy (printed) or an electronic format which can be retrieved and interpreted (downloaded) for the legal retention period. The retention period for the particular record is the best indicator of which storage medium or format to choose.
- d. *Proper Use of Electronic Messages.*
  - i. *Non-Discrimination.* Electronic messaging is not permitted to be used to promote discrimination on the basis of sex, disability, race, color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, or other protected status in its programs and activities.
  - ii. *Permissible Use.* Electronic messaging is to be used only for purposes that are consistent with the mission of ESU 17. Electronic messaging is not permitted to be used for personal purposes except for: incidental, intermittent or occasional use which does not interfere with performance of duties as determined by the administration, use that is authorized pursuant to an individual use agreement, and use that represents a form of the employee's compensation. Electronic messaging is not permitted to be used for personal financial gain or for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question. Electronic messaging is not permitted to be used for purposes of assisting a non-profit organization except when and to the extent such use serves a purpose consistent with the mission of ESU 17 or facilitates ESU 17 business.

- iii. *Conduct.* Employees shall not read electronic messages received by another employee when there is no work-related purpose for doing so, send electronic messages under another employee's name without the employee's consent or administrative authorization, or change or alter any portion of a previously sent electronic message without administrative authorization.
  - iv. *Other Regulations.* Electronic messaging is subject to all requirements of ESU 17's computer use policies and may be monitored and accessed at any time without prior notice. ESU 17 has complete authority to regulate all electronic messaging. Electronic messaging is a privilege and not a property right and is not a public forum. Electronic messaging is made available subject to all board policy and regulations, these regulations, administrative guidelines, use agreements, handbook provisions, and all administrative orders or directives as issued from time to time.
4. Electronic Records. All books, papers, documents, reports, and records kept by the ESU may be retained as electronic records. Minutes of the meetings of the Board may be kept as an electronic record.
5. Litigation Holds. When litigation against ESU 17 or its employees is filed or threatened, ESU 17 will take all reasonable action to preserve all documents and records that pertain to the issue. Such action will in particular be taken when the litigation may be filed in federal court or otherwise subject to federal rules of discovery.

As soon as ESU 17 is made aware of pending or threatened litigation, a litigation hold directive will be issued by the records officer or designee. The directive will be given to all persons suspected of having records that may pertain to the litigation issue.

The litigation hold directive overrides any records retention schedule that may otherwise call for the disposition or destruction of the records until the litigation hold has been lifted. E-mail and computer accounts of separated employees that have been placed on a litigation hold will be maintained by the records officer until the hold is released.

Employees who receive notice of a litigation hold are to preserve all records that pertain to the litigation issue. This includes preserving electronic messages that would otherwise be deleted by the computer system; such messages are to be converted by the recipients of the litigation hold to hard copy (printed) or electronic format which can be retrieved and interpreted (downloaded) for the duration of the litigation hold.

No employee who has been notified of a litigation hold may alter or delete an electronic or other record that falls within the scope of the hold. Violation of the litigation hold may subject the employee to disciplinary action, up to and including dismissal, as well as personal liability for civil and/or criminal sanctions by the courts or law enforcement agencies.

6. Settlement Agreements

A public written or electronic record of all settled claims shall be maintained.

The record for all such claims settled in the amount of fifty thousand dollars or more (or one percent of the total annual budget of the School District, whichever is less) shall include a written executed settlement agreement. The settlement agreement shall contain a brief description of the claim, the party or parties released under the settlement, and the amount of the financial compensation, if any, paid by or to the School District or on its behalf. Any such settlement agreement shall be included as an agenda item on the next regularly scheduled public meeting of the School Board for informational purposes or for approval if required.

Any such settled claim or settlement agreement shall be a public record. Nonetheless, specific portions of the record may be withheld from the public to the extent permitted or provided by statute.

The foregoing does not apply to claims made in connection with insured or self-insured health insurance contracts.

Date of Adoption:	December 12, 2017

B. Student Records

1. Legal Compliance. Records related to students served by the ESU shall be maintained in compliance with state and federal law.
2. Relationship with Schools Served. Each school district shall be notified as to the nature and types of student data items which are being collected and maintained in ESU files for their students who are being served by the ESU. Written permission to release confidential (non-directory) information from records related to students served by the ESU will be obtained from the appropriate school district before release to persons other than ESU officials or the parent or eligible student, except where the release is required by law.

3. Confidentiality. Student files and other education records shall not be released or divulged except in compliance with state and federal law.

ESU and school officials may have access to only those education records in which they have a legitimate educational interest, unless the parent has given written and dated consent for the access. An ESU employee who violates this restriction shall be subject to disciplinary action up to and including termination.

An ESU or school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility and effectively provide the function or service for which they are responsible.

An official who is authorized to have access to education records is a person employed by the ESU, or by the school district in which the student is enrolled, as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the ESU Board or the student's school board; a person or company with whom the ESU or the school district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); and a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another authorized official in performing his or her tasks.

To the extent permitted by law, contractors, consultants and volunteers may be permitted to have access to education records where they are performing a function or service that would otherwise be done by an ESU employee or an employee of the school district in which the student is enrolled. Their access is limited to education records in which they have a legitimate educational interest; which means records needed to effectively provide the function or service for which they are responsible.

A parent or guardian of a student or former student, and a student or former student who is eighteen (18) years of age or older, shall be given the opportunity upon request to inspect and review the education records of the student or former student. Non-custodial parents will be provided full and equal access to the education records of his or her child unless there is a court order to the contrary.

4. Separate Disciplinary Files. Student files or records shall be so maintained so as to separate disciplinary matters from academic or other service matters. All disciplinary material in a student's file shall be removed and, upon the ending of ESU services to the student, released to the school district in which the student is enrolled for destruction in accordance with law.
5. Request for Records Amendment. Parents and eligible students (a student who has reached 18 years of age or is attending an institution of postsecondary education) have the right to challenge any information contained in the records that they believe is inaccurate, misleading or violates the privacy rights of the student. Such a challenge may be made by making a written request to the

Administrator or designee to amend the records. If the record in question is a record generated by the school district in which the student is enrolled, the challenge shall be forwarded to such school district for action. If the record is an ESU education record, the Administrator or designee shall determine whether to amend the education record as requested. If a decision is made not to amend the education records in accordance with the request, the Administrator or designee shall so inform the parents of the student. The parent shall be advised of the right to a hearing. If a hearing is requested, the Administrator or designee shall conduct a hearing (or delegate the role to another official who does not have a direct interest in the outcome of the hearing) and provide the parent or eligible student a full and fair opportunity to present evidence relevant to the issues raised in conformance with applicable law.

6. Disposition of Records. Personally identifiable student data generated by or received by the ESU for those student referred from contracting school districts will be considered to be the property of the school district in which the student is or was enrolled. Five years after special education data is no longer needed to provide educational services, the ESU shall return to the appropriate school district all records that have been received or generated by the ESU for disposal in accordance with law.

## **Section 10    Comments and Complaints**

### **A.     Communications to the Board**

The ESU Board recognizes the necessity for open communication with member school districts, students, parents, employees and patrons but is also aware that a procedure for processing concerns and complaints is imperative to efficient operations of the ESU. It is the intent of the Board that concerns and complaints be resolved at the lowest possible level.

1.     Complaints Made to Individual Board Members. Members of the Board have no authority or power to act on behalf of the Board or the ESU except when acting as a member of the entire Board at a duly called board meeting or when acting with express, specific authority granted by the Board or by law. The Board and the ESU shall not be bound in any way by the action or statement on the part of any individual Board member or committee, except when such statement or action is taken or made in conformance with express, specific authority granted by the Board or by law.

Should any member of the Board be approached with a concern or complaint, the member should:

- a. Listen attentively to the concerns but not take any inflexible position.
  - b. Instruct the individual about the ESU's process for resolving concerns and complaints and direct the individual to the appropriate complaint or grievance procedure or to the Administrator for information concerning such procedures. If the concern or complaint involves an employee, the individual should be informed to discuss the matter with the employee first.
  - c. Inform the Administrator of the concern.
2. Complaints Made to the Board. Concerns or complaints may be made to the Board at a duly called Board meeting at such time as the agenda provides for public participation or comment.

In the event the complaint involves a personnel matter relating to an employee of the ESU, the individual raising the complaint shall be directed to first exhaust the appropriate complaint or grievance procedure. The Board shall not respond or take action on such a complaint until such complaint or grievance procedure has been exhausted, unless it is determined by the Board, under the circumstances, that an immediate response or action is required.

Individuals raising concerns or complaints involving non-personnel matters which may be the subject of a complaint or grievance procedure may also be directed to first use such complaint or grievance procedure.

B. Complaints or Concerns of Employees

Employees are to inform the ESU of any complaints or concerns about the operations of the ESU using the established chain of command (immediate supervisor, next higher level supervisor, etc.) on all matters that require administrative attention; that is, on all matters or issues that their job responsibilities require them to report to a supervisor.

It is important to the efficient and successful operation of the ESU and a duty of all ESU employees to share any such complaints or concerns in a responsible, professional manner such as to: (1) not disrupt the proper functioning of their office, department, or position, (2) not undermine the authority of their co-workers, supervisors, or superiors, (3) maintain close working relationships with their co-workers, supervisors, and superiors, and (4) ensure that all applicable laws and regulations are followed. All employee official communications must be accurate, demonstrate sound judgment, and promote the ESU's mission. Employees must ensure that all applicable laws and regulations are followed by the ESU and its employees. In the event

an employee becomes aware of any such non-compliance, the employee is to report such to the employee’s immediate supervisor (or the next higher level, if the supervisor is responsible for the problem) and maintain the confidentiality of the report so that the problem can be appropriately corrected in the best interests of the ESU.

Employees are to use the appropriate complaint or grievance mechanism for matters involving discrimination or harassment or other established mechanism specific to the nature of the complaint or concern.

The ESU will not tolerate unlawful retaliation against an employee for engaging in legally protected activity. A protected activity includes an employee’s act of opposing an unlawful practice prohibited by employment discrimination or other laws that protect the conduct in question. Any act of unlawful retaliation by a supervisor or other employee may result in serious disciplinary action up to and including termination. Any employee may file a complaint with the Administrator or appropriate Coordinator if the employee feels that they have experienced unlawful retaliation in any form.

C. Comments and Complaints of Parents and Patrons

Parents and patrons may file comments/complaints with the Administrator. Forms are available in the office of each building. These forms are intended to help resolve issues, arbitrate disputes, facilitate understanding, recognize achievements, and commend success.

Forms that have been properly filed with the Administrator which directly involve a staff member shall be forwarded to the staff member’s immediate supervisor for analysis, discussion, and resolution. The forms shall be retained in a separate confidential file in the office of the staff member’s immediate supervisor for a period of three years. At the end of the three year period they may be discarded. Comment forms shall not be placed in the staff member’s personnel files unless deemed appropriate by the Administrator or immediate supervisor.

It is the policy of the ESU to encourage communications from parents concerning when a parent believes it to be appropriate for the student to be excused from testing, classroom instruction, surveys and other educational experiences that the parent may find objectionable. The Administrator or designee shall make a provision on the complaint form hereinabove described for receiving information from a parent concerning what specific testing, classroom instruction, or other educational experience the parent finds objectionable, the basis for the parent’s objection and a proposed solution for dealing with the objection that would be satisfactory to the parent. The notifications required by law to be given to parents on matters affecting privacy are to be given by the school district in which the student is enrolled. Complaints concerning such matters shall be resolved consistent with the applicable policies of the school district in which the student is enrolled.

#### D. Complaints Involving Instructional Materials

Instructional materials are to be selected by the ESU administration and approved by the ESU Board in a manner that best meets the educational and instructional objectives of the ESU and the needs of those served by the ESU. Occasional objections to materials may be voiced despite the care taken in selection and qualification of the personnel selecting materials.

The following procedures apply to complaints involving instructional materials:

1. Complaints must be presented in writing to the Administrator. The complaint must specify: the name of the author, title, the publisher, and the objections by page and items; or in case of materials other than printed material, written information specifying the precise nature of the objection shall be given. The statement must be signed and identified in such a way that a proper reply will be possible. The Administrator or designee may develop a specific complaint form for this purpose which shall be used if in existence.
2. The Administrator will acknowledge the receipt of the complaint and answer any questions regarding procedure.
3. The Administrator will then notify the department coordinator and the employee(s) involved. The Administrator will determine whether the complaint should be considered an individual request or if an ESU-wide review committee shall be activated to reevaluate the material.
4. The use of challenged materials shall not be restricted until final disposition has been made by the appropriate review committee, however, individuals may be excused from using challenged materials.
5. In considering the challenged materials, the review committee shall consider the educational philosophy of the ESU, the professional opinions of teachers or employees of the same subject and of other competent authorities, review of materials by reputable bodies, the complainant's stated objections in using or use of the materials.
6. The ESU review committee shall make a determination on the complaint within a reasonable time period considering the nature of the challenged materials, the current or pending use, scheduling conflicts of committee members, and the complexity of the objections made. The findings of the ESU review committee shall be a matter of written record and transmitted to the Administrator who will determine how interested parties shall be notified.
7. In the event the complainant is not satisfied with the findings of the ESU review committee, the complainant may request that the complaint be reviewed by the ESU Board. The Board will then determine whether to consider the complaint beyond the action of the ESU review committee; if the Board chooses to do so, the Board will proceed to consider the complaint. A decision by the Board (either

to not proceed further on the complaint, or to respond as a Board to the complaint) shall conclude the appeal process available within the ESU system.

8. Once resolved, the same or substantially similar complaints involving the same or similar materials need not be reviewed using the foregoing complaint process and instead may be resolved by the Administrator or designee.
